THE BEST MADRIK

MILLIONAIRE TROTTER WITH CLASSIC LOOKS.

A true champion on the track, **THE BEST MADRIK** was a winner of two of France's age group classic Criteriums and twice placed in the iconic Prix D'Amérique.

Impeccably bred being a son of France's breed-changing **COKTAIL JET** and group one placed **LADY MADRIK**, who in turn is sister of group one winning **NINA MADRIK**.

This is one of France's most prestigious family tracing to Qalâbchéh. There are crosses to influential French sires **CARIOCA II** (5x7x5) -**Fandango** (5x5), as well as on the blue hen **Arlette III** (6x5) with five lines also from the exceptional **Urania**.

PROGENY

HIS RUNNERS HAVE TOPPED 10 MILLION IN FRANCE

THE BEST MADRIKs progeny have won over 10 million euros in France to date with his best performer to date has been the Group winner **Frisbee d'Am** who was runner up three times at Group 1 level, twice to **Face Time Bourbon** including the European Derby against the Continent's top 4YOs.

Now competing against the creme de la creme of Europe, **Frisee d'Am** was also third in the Criterium Continental, and finished sixth in this year's Prix d'Amérique.

Other top grade performers for **THE BEST MADRIK** include **Diva du Mouchel**, winner at Group II, and **Digne et Droit**, placed at the same level, and the good winners **Comète Jet**, **Divine Mesloise**, **Datcha**, **Enzo River**, **Éclipse du Noyer** and the up and coming **Fortissimoko**, among more than two dozen 100k earners.

BREEDING HINTS

A son of **COKTAIL JET** who, like his paternal half-brother **LOVE YOU**, is proving a hit Down Under with **SUNDON** mares, and with mares of the **ARNDON** lineage, from extremely limited opportunities siring, seven winners and a qualifier from just 9 foals of racing age.

Mares by **SUNDON** have produced three winners, with **MUSCLES YANKEE** two.

Maternally, **SPEEDY CROWN** lines seem to also be important, as it is in Sweden, where the mix of broodmare sires is mch larger. There **THE BEST MADRIK**'s top 20 winners were largely from **STARS PRIDE** (9) and **SPEEDY CROWN** (8) line broodmares, with both lines also figuring prominently in each other's second and third damlines. All but one of the **Speedy Crown**-line dam had **Stars Pride** as 2nd or 3rd, while five of the **Stars Pride** line dams having **Speedy Crown** close up.

That would suggest mares with **Speedy Crown** line sires such as **GEE WHIZ II**, **PERNOD EDEN**, **MUSCLES YANKEE** and **MUSCLE HILL** especially with **GAME PRIDE** or **TUFT** in their pedigrees, would also be a good nick. Interestingly, that **SPEEDY CROWN** maternal pattern was also prominent in the majority of his French progeny.
