**HIGH PERCENTAGE INTERNATIONAL STALLION WHO IS CONTINUING HIS PHENOMENAL WINNING STREAK DOWN UNDER.**

Throughout Europe he has produced a string of Age group Classic winners such as former European No1 and leading sire **UN MEC D'HERIPRE** and has produced the winners of Derbies all over Scandinavia, where he has been phenomenally successful, indeed producing three entrants in last year's Eliloppet.

In Australasia he has produced a steady stream of winners, including every one of his first Australian crop of 11 foals such as NSW Derby winner **XEBEC**, and the good winner **BRANDLO PRINCE** (12 wins, \$151,910).

## BREEDING HINTS

**ORLANDO VICI's** maternal profile is a modern Franco American with his 1st dam by North American import **WORKAHOLIC (Speedy Crown)** over a Trotter Francaise 2nd dam **CHAMBON P (Fuschia)** and "Old American" 3rd dam by **HERMES D (McKinney)**.

In both Australia and Scandinavia **ORLANDO VICI** has been very successful with Speedster line stallions such as **SUNDON** and **DREAM VACATION**, especially when the mares carry **Speedy Crown** lines in their pedigrees in the second and third damsires.

The converse is also true, with **ORLANDO VICI** working very well with **Speedy Crown** line damsires such as **MUSCLES YANKEE**, especially when they also carry **Speedster** lines in their pedigrees in the second and third damsires such as **PINE CHIP** and **SUNDON**.

**ORLANDO VICI** has also produced multiple winners in Scandinavia and Australia with mares by **Victory Song** line stallions such as **YANKEE PACO** but more than 80% have **Speedy Crown** in their pedigrees as their second damsire and **STARS PRIDE** line sires in the third dam.

**STARS PRIDE** line stallions such as **SUPERGILL** are popular in Scandinavia where **ORLANDO VICI** has been hugely successful, and he has multiple winners with mares by such stallions, with most containing either Speedster or Speedy Crown line stallions in their pedigrees. Stars Pride is not so common here recently, but this pattern has been replicated in winners from **CR COMMANDO** and **CONTINENTALMAN**.

## PEDIGREE

A beautifully designed pedigree, combining outcross sire **QUADROPHENIO** (McKinney/Happy Medium line) and credited with the ability to produce several accelerations, with the reputed speed of US Standardbred **SPEEDY CROWN's** son **WORKAHOLIC** and the toughness of **CHAMBON P** (Trotteur Francais).

Now a sire of sire through his champion son and leading sire **UN MEC D'HERIPRE**, **ORLANDO VICI** Has been in the top 12 sires of winners, in France and top 10 in Sweden since 2014. Overall, his progeny has amassed more than € 35M in earnings with average earnings per qualifier of €54,658. striking example.
